MICROCOMPUTER SYSTEMS

SYSTEM THREE COMPUTER

Cromemco's top of the line computer. The power and speed you need for business, engineering, science, word processing. Z80A-based. Enormous expandability. 64K RAM memory expandable to 512 Kbytes. One or 2 megabytes of disk storage. Very broad software support.

Wide peripheral support. S-100 bus—the most widely supported in microcomputer field. 21-slot motherboard to let you expand or install custom circuitry. Heavy-duty power supply to match. Up to 7-station multi-user versions. All-metal cabinet and chassis.

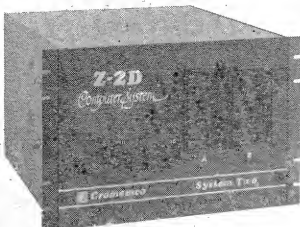

Z-2H HARD DISK COMPUTER

11 megabytes of hard disk storage in a fast, powerful Z80A-based computer. Uses exciting new Winchester-type disk drive. Also dual drive for floppy disk storage.

Hard disk drive transfers data many times faster (5.6

megabits/sec.) than with floppy disks. Standard S-100 bus. 12-slot motherboard provides 7 free slots for additional circuit cards such as additional RAM or interfaces. Strong software support.

SYSTEM TWO COMPUTER

A lot of basic computer capability at a modest price. Ideal as a highly-expandable computer for low-budget introductory situations. Two 5" floppy disk drives for 184 Kbytes of storage. 64K RAM memory. Expandable

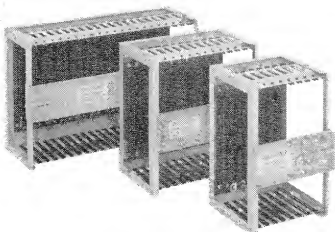

motherboard and heavy-duty power supply. Memory expandable to 512 Kbytes of RAM. Includes printer interface card. Strong software and I/O support.

Z-2 COMPUTER SYSTEM

ROM-based system that gives you a fast computer for dedicated applications at a minimum price. 21-slot motherboard lets

you install wide variety of special circuits, memory and I/O to suit your task.

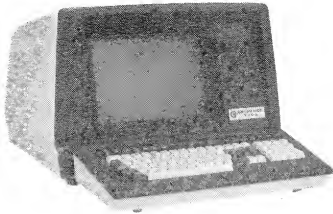

8, 12, and 21-SLOT CARD CAGES

A choice of three Cromemco card cages for OEM applications. Quality metal construction with card retainer bars. Fully

equipped with card edge connectors wave-soldered to Cromemco quality shielded motherboard.

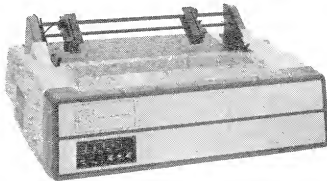

PERIPHERALS

TERMINAL

A high-quality terminal with many desirable features. 80 characters per line, 24-line display; upper and lower case. 20-software-assignable function

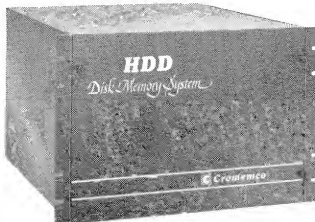

keys. Separate numeric keypad. Cursor keypad. Addressable cursor. Baud rates to 19,200 baud.

PRINTERS

Choice from dot-matrix or full-letter printers. Speeds up to 180 characters per second. Up to

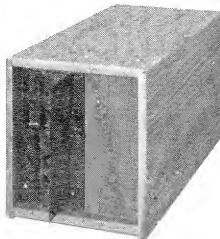

132 characters per line. Three models to choose from.

HARD DISK MEMORY SYSTEM

A large-storage drive (up to 22 megabytes of hard disk storage) you can use with any

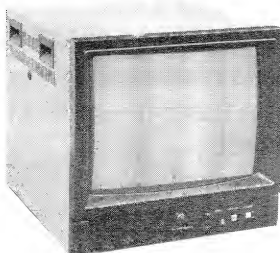

Cromemco computer. New Winchester-type drive. Fast data transfer rate.

5" and 8" DISK DRIVES

Two sizes of floppy disk drives to add to your existing Cromemco computer. The 5" drive gives you 184 Kbytes total. The 8" drive gives you 512 Kbytes

total. Recording on both is a soft-sectored IBM format. A wide variety of software on diskettes is also available.

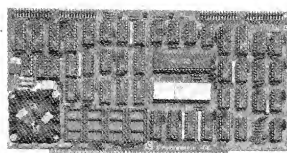

R/G/B MONITOR

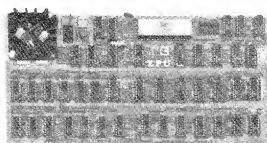

Highest-quality 19" RGB Monitor especially for use with Cromemco Model SDI Color Graphics Interface but also

where highest quality color display is desired. Exceptional video bandwidth of 50 Hz to 15 MHz for sharp, clear displays.
